Destructible

Low Cost

Multi-frequency

AM

RF

RFID

WARNING
SECURITY DEVICE

This destructible AM, RF, RFID, or Multi-frequency Label will help protect low price point boxed merchandise from being opened. For example: ear buds, phone cases, fragrance, and other boxed items. The CIS D59 Label will activate your EAS gate alarm. The dimensions are customizable to your needs

Security Dot shown in silver (also available in destructible silver)

Barbell Label shown in silver (also available in destructible silver)

We also have inactive labels as just a visual deterrent.
